

Satisfactory Progress Towards Degree (Policy 91)

Satisfactory progress toward the B.S. in Mathematics requires:

1. **Must Take Math:** Within the previous two semesters, the student must satisfy one of the following:
 - a. earn a C- or better in at least one of MATH 1225, 1226, 2204, 2214, 3034
 - b. earn a C or better in MATH 2114
 - c. pass a MATH course at the 3000-level or higher that is used in the in-major GPA calculation
2. **In-Major GPA:** Upon having attempted 45 credits (including all types of transfer credit, credit by exam, and course withdrawal), students must have an in-major GPA of 2.0 or above.
3. **Two-Attempt Policy:** Students must earn the following grades within two attempts at the following courses, including attempts ending in course withdrawal:
 - a. C- or better: MATH 1225, 1226, 2204, 2214, 3034
 - b. C or better: MATH 2114

In-Major GPA Calculation by Degree Option

Traditional: In-major GPA is computed using all MATH courses with the exception of MATH 1014, 1025, 1026, 1214, 1454, 1524, 1535, 1536, 1614, 1624, 2534, 2644, 3574, 3624, 4574, 4625, 4626, 4644, and 4664.

Applied Discrete: In-major GPA is computed using all MATH courses with the exception of MATH 1014, 1025, 1026, 1214, 1454, 1524, 1535, 1536, 1614, 1624, 2534, 2644, 3574, 3624, 4574, 4625, 4626, 4644, and 4664.

Applied Computational: In-major GPA is computed using all MATH courses with the exception of MATH 1014, 1025, 1026, 1214, 1454, 1524, 1535, 1536, 1614, 1624, 2534, 2644, 3574, 3624, 4574, 4625, 4626, 4644, and 4664.

Math Education: In-major GPA is computed using all MATH courses with the exception of MATH 1014, 1025, 1026, 1214, 1454, 1524, 1535, 1536, 1614, 1624, 2534, 2644, 3574, 3624, and 4574.
