

COLLEGE OF SCIENCE  
**MATHEMATICS**  
VIRGINIA TECH™

**Welcome to the Virginia Tech Department of Mathematics!**

We are Jessica Hurdus and Eric Ufferman, and we are your summer academic advisors. We are both Math Department faculty members and members of the Math Department Advising Team and we look forward to working with you as you prepare for your first semester of college.

**Our Virtual Academic Advising & Course Registration sessions will be held from June 12-28 (via Zoom).** You may register for a Virtual Academic Advising & Course Registration session through the VT Navigate Advising Platform [here](#). Appointments are scheduled on a first-come, first-served basis.

Below are required action items along with a recommended timeline for completing the items.

	<b>ACTION ITEM</b>	<b>RECOMMENDED COMPLETION DATE</b>
1	Set up <a href="#">technology</a>	<b>June 6</b>
2	Complete your first <a href="#">VT ALEKS Placement Assessment</a> *	<b>June 11</b>
3	Complete and submit the <a href="#">College of Science Expected Credits Worksheet</a>	<b>June 12</b>
4	Complete the <a href="#">Math Department Summer 2024 Advising Google Form</a>	<b>June 12</b>
5	<a href="#">Register</a> for a Math Department Virtual Academic Advising & Course Registration session	<b>June 12</b> (available June 6)
6	Register for Fall 2024 courses in <a href="#">Hokie Scheduler</a> **	<b>June 12</b> (Hokie Scheduler available June 7; Registration available June 12)

\* The VT ALEKS Placement Assessment is used to determine eligibility to enroll in MATH 1225 (Calculus of a Single Variable) and CHEM 1035/1045 (General Chemistry). It is designed to determine what you know and what you need to work on; you do NOT need to review/study for the assessment. At the end of the assessment, you will have a much better sense of your strengths and weaknesses and have a chance to brush up on topics that may have been forgotten or haven't been practiced for some time. You will have three attempts to attain the score needed.

**Take the VT ALEKS Placement Assessment as soon as possible. Access to ALEKS is available now and is offered free of charge for Virginia Tech students. All College of Science majors (except psychology majors) should complete the VT ALEKS placement assessment, regardless of anticipated AP, IB, CLEP, Cambridge, or other transfer credits. Remote testing closes on July 31, 2024.**

\*\* The following courses will be preloaded in your Hokie Scheduler:

- MATH 1225 – Single Variable Calculus
- MATH 1454 – Intro to Math Programming
- MATH 1004 – Discovering Mathematics I
- ENGL 1105 – First-Year Writing

In addition, you should choose other courses as necessary to have a total of 14-17 credits on your Fall 2024 schedule.

**[A guide to help choose fall courses is available here.](#)**

Adjustments can also be made to your schedule during and after your academic advising appointment.

Please contact us at [summeradvising@math.vt.edu](mailto:summeradvising@math.vt.edu) if you have any questions about course registration or registering for a Virtual Academic Advising & Course Registration session. You may also find answers to your questions on our [Math Department Summer Advising Website \(math.vt.edu/summeradvising\)](https://math.vt.edu/summeradvising).

**We look forward to meeting you soon!**
