

FOR POSTING  
till March 1, 2024

**Epsilon Camp** is looking for Undergraduate  
and Graduate students in Mathematics to fill positions of

# MATH CAMP COUNSELOR

Epsilon Camp is a two-week residential summer program for highly gifted 7-12 year olds who are captivated by math. Help introduce our campers to the rich world of higher mathematics. Topics taught by math professors and professional mathematicians range from methods of proof to hyperbolic geometry to visual group theory. Counselors provide classroom support for the faculty, lead unstructured mathematical play, and supervise campers throughout the day.

This is a unique opportunity to engage with a community of kids, peers, and university faculty who are truly passionate about math.

<b>What</b>	Work as classroom assistants and camper group leaders
<b>When + Where</b>	July 4 - 22, 2024 at Miami University in Oxford, Ohio
