

FOR POSTING
till April 1, 2024

Epsilon Camp is seeking a
qualified individual to fill a position of

STAFF ASSISTANT

Epsilon Camp is a two-week residential summer program serving exceptional young mathematicians (ages 7-12) and their families through an intensive student program and parent workshop. Math professors and professional mathematicians introduce campers to the rich world of higher mathematics, with topics ranging from methods of proof to hyperbolic geometry to visual group theory.

Staff Assistant will work closely with the Camp Director and other Epsilon senior staff. Job responsibilities include assisting with many aspects of camp operations, as well as the camp's procurement and transportation needs.

What

Assist with camp operations and provide support to senior staff

When + Where

July 3 - 22, 2024 at Miami University in Oxford, Ohio
